hell's kitchen

あらすじ

Before Moriya Satoru, an ordinary junior high student who had never held a kitchen knife before, appeared a chef of hell – Dogma.
Dogma's aim is to obtain Hell's ultimate ingredient, The Soul of a True Chef. To accomplish his task, Satoru entered Shokusen's cooking department, an institution to train famous future chefs. Under Dogma's violent guidance, and with the help of Elle of the giant wok, Tachibana the spice magician, knife maiden Sagane, and a few rivals, Satoru is slowly but surely evolving into a delicious true chef!

The one who possessed Satoru for the sake of tasting "The Soul of a True Chef," deciding to mould him from a talentless individual into a true chef. He can't be seen by anyone but Satoru.

WHY IS THAT?!
IT'S NOT GOOD FOR RICE AND VEGETABLES TO GET TOO MUCH WATER!
WHY ARE YOU COVERING THEM WITH THAT VINYL SHEET?
THE FIELD'S SO DRY, ISN'T RAIN GOOD FOR THEM...?

FOR EXAMPLE, IF TOMATO PLANTS DON'T GET ENOUGH WATER, THEY WILL TRY TO FIND WATER MORE ACTIVELY..
AND THEIR ROOTS WILL GROW DEEP INTO THE SOIL.
BY DOING SO, THEY CAN GET NUTRIENTS FROM DEEP WITHIN THE EARTH AND THEY'LL BE HEALTHY.
AND THEY WON'T LACK FLAVOR, UNLIKE THE PLANTS THAT YOU COOKING DEPARTMENT PEOPLE GROW SO FRIVOLOUSLY

IT'S AMAZING, EVEN BETTER THAN YOUR USUAL...!!

GRAPES...?!

BOTRYTIS BUNCH ROT?
Botrytis bunch rot.

...
!!
IS THIS ONE FROM MY FIELD..?!

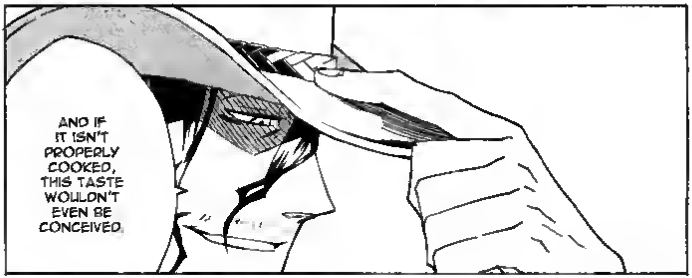
Botrytis bunch rot
Microorganisms grow on the skin of the grapes, removing water content from the grapes, this results in a sugar content up to 3 times the usual amount.
Wine made from grapes with botrytis bunch rot is especially sweet, fragrant, and rich.
To make the rice sweet and fragrant, magnesium is essential
Adding naturally magnesium rich grapes with botrytis bunch rot to the originally sweet, fragrant rice, the result is as you see now.
Moriya-kun!
As expected of my rival.
Nom

Delicious...

I'M SORRY FOR SELFISHLY COOKING YOUR RICE...

BUT I FEEL THAT THE INGREDIENTS AND THEIR PREPARATION ARE EQUALLY IMPORTANT.

I SEE.
IF THE INGREDIENTS ARE OF LOWER QUALITY, THE FLAVOR WOULD SUFFER



AND IF IT ISN'T PROPERLY COOKED, THIS TASTE WOULDN'T EVEN BE CONCEIVED.

LET'S WORK TOGETHER, FROM NOW ON...

CONFECTIONERY MAKING IS A SCIENCE!

EXACTLY 56°C FOR THE EGG WHITE, AND 64°C FOR THE YOLK
HOWEVER, IF THE TEMPERATURE IS OFF BY EVEN 1°C, AIR BUBBLES WILL BEGIN TO FORM

AH, EATING HUMANS...
Um...
A French dessert, huh.

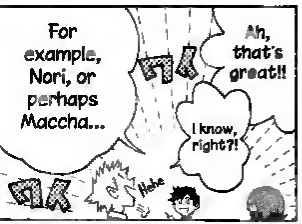
I thought of something!!

It'll be like a mixed martial arts tournament!
YOU MEAN JAPANESE SWEETS?!

Hey! If they're going to make a traditional French dessert, the Opera...
OH
How about we make a Japanese themed dessert?



For example, Nori, or perhaps Maccha...
Ah, that's great!!
I know, right?!
Hehe

AH, YOU HAVE A POINT THERE..
WE SHOULD USE JAPANESE INGREDIENTS, BUT ARRANGE THEM IN A WESTERN STYLE

I THOUGHT THE NORI WOULD GO WELL WITH THE SOY SAUCE...
I MEAN, SENBEI ARE DELICIOUS!
SINCE THEY'RE BOTH SWEETS, WOULDN'T THIS MAKE THE CAKE DELICIOUS TOO?
T/N: SENBEI ARE RICE CRACKERS CITHERED IN A SOY BASED GLAZE AND WRAPPED WITH SEAWEED.

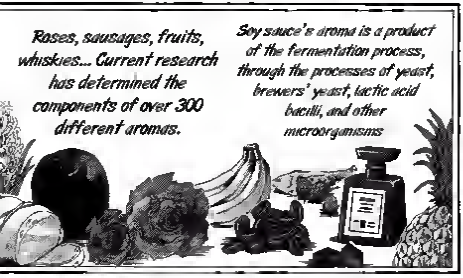
MY MY MY...
YOU PEOPLE, PRATTLING ON ABOUT CONFECTIONERY BEING A SCIENCE! YOU DON'T KNOW A THING!
IT'S A HAPHAZARD MIXTURE THAT SHOULDN'T EXIST IN CONFECTIONERY, SO WHY IS IT MAKING ME TREMBLE..?
NORI, SOY SAUCE, AND VANILLA ..!!
THE AROMATIC VANILLA EXQUISITELY MATCHES THE SAVORIES OF THE FLAME DRIED NORI, AND..
A FLAVOR LIKE CONCENTRATED SWEET WINE..!!

Let me enlighten you
Soy sauce has always contained ...
The components necessary to produce the same aroma as vanilla



Roses, sausages, fruits, whiskies... Current research has determined the components of over 300 different aromas.
Soy sauce's aroma is a product of the fermentation process, through the processes of yeast, brewers' yeast, lactic acid bacilli, and other microorganisms

WHAT?!

THAT'S NOT ALL, OF COURSE!

SO WHAT YOU'RE SAYING IS THAT THE VANILLA AROMA WITHIN THE SOY SAUCE RESONATED WITH THE ACTUAL VANILLA TO CREATE A PLEASANT FLAVOR.

I SEASONED THE VANILLA ICE CREAM WITH WHITE PEPPER...
THUS SUBDUING AND REFINING THE STRONG DAIRY FLAVOR.
I REDUCED THE AMOUNT OF BUTTER AND REPLACED IT WITH SOYBEAN OIL! THAT WAY, THE INGREDIENTS MESHED PERFECTLY WITH THE SOY SAUCE!
AREN'T I AMAZIN'?!
.....
Geez, cut it out...
Mine was more fantastic!
THEY SEEM DISJOINTED AT FIRST GLANCE...
Oy, don't ignore me!
Hey!
Morisaki-kun!!
